Let us renew your IBM Software Support & Maintenance Coverage

Email us at sales@bluennetech.com or call us at 866-960-9203 stating that “BlueNET is authorized to provide a maintenance renewal quote on your behalf” and we will provide you competitive renewal quote.

Let BlueNET to help you navigate the renewal process, while assessing your situation and providing insight on how to maximize your investment.

Renewing your IBM Software Subscription and Support via BlueNET is one of the most cost-effective ways to protect your software investment.

We guarantee you that we will:

- Save you time,
- Save you money,
- Ensure uninterrupted access to vital technical support and product upgrades

With IBM Software Subscription, you get:

- Access to new releases and versions of your installed IBM Software—helping to reduce your software acquisition expenses
- The option to receive notifications of new product releases and technical support updates—you choose the notifications you wish to receive and when to upgrade
- The latest technology from IBM—ensuring that your IT environment is responsive, reliable and ready for growth and change

With IBM Technical Support, you get:

- Cross-platform software technical support—around the clock and around the world
- Online technical support including enhanced self-help and search capabilities
- Voice support for new deployments, migration, and code-related questions
- Fast problem resolution by phone for all “Severity 1” situations—24 hours a day, seven days a week—and you decide when and what to classify as a “Severity 1”
